EXPERIENCE

Business Analyst – Management Solutions Experts; Beirut, Lebanon

Oct 2021 - Present

- Conducted organizational restructuring consulting activities for several ministries and entities in the GCC public and private sector
- Prepared governance models, role charters, and functional descriptions
- Calculated workforce manpower needs and ramp-up plans based on organizational requirements
- Developed departmental KPIs based on organizations' strategy and designed detailed business processes and procedures highlighting accountabilities, interdependencies, and key decisions
- Designed a delegation of authority (DOA) and RACI matrix to establish company reporting lines

Full Stack Developer (6 Month Contract) – As Safir Newspaper; Beirut, Lebanon

May 2021 – Oct 2021

[\(Deployed project link\)](#)

- Designed and developed a backend REST API using Java & Tomcat and a Vue.js frontend based on user requirements
- Designed a PostgreSQL database according to the newspaper metadata file structure
- Implemented elastic search to add full-text search capabilities for handling large amounts of data

Software Engineer (Remote) – CSRN Management Consulting (NGO); Bristol, United Kingdom

Oct 2020 – Jun 2021

- Developed a full-stack ERP system web app using Node.js, Typescript, and React.js for internal use
- Implemented a NoSQL MongoDB database to serve data to the frontend React client
- Utilized Docker and various DevOps tools to deploy and maintain the web application

Mechanical Engineering Intern – Laceco Architects and Engineers; Beirut, Lebanon

June 2020 – Aug 2020

- Performed engineering consultancy work in the HVAC department for large projects across the Middle East
- Designed HVAC systems, performed pipe sizing, and conducted fluid analysis across various projects
